

VIRTUAL RESEARCH IN ACTION

Join Krista McCoy, Ph.D., as she explores how harmful algal blooms and pesticides can harm humans and wildlife, and the approaches she's discovered that help protect you and your loved ones.

McCoy will:

- Provide research on the impact of pesticides in people and animals
- Present natural remedies that could aid in toxin exposure
- Offer tips to identify toxins in local communities

Protecting People from Toxicants

Presented by Krista McCoy, Ph.D.,
Research Associate Professor, FAU Harbor
Branch Oceanographic Institute

1 – 2 p.m. EST
Thursday, Oct. 28
